

# April

## PJ Harvey & John Parish

April, how could  
I not have seen  
April, you coming  
April how could I have  
Worn inappropriate clothing?  
April, all that  
careful stepping,  
Rounding of my soul  
And now your rain  
April, I feel you leaving  
I don't know what silence means  
It could mean anything April, won't you answer me?  
These days just  
seem to crush me  
Hatching, collapsing,  
tumbling down  
April! What if I drown, I drown! April, I see you leaving  
I don't know what silence means  
It could mean anything  
Won't you answer me?  
I dream  
I dream  
April, April  
that I'm walking  
that I'm watching  
April,  
your rain overcomes me
