

You Just Don't Exist

Plumtree

Well I know you're having a hard time
Tomorrow will be tough and today will too
And I can see it in your eyes that you need my help
but what can I do?

Well I know you're having a bad day
And I'll try to make you smile anyway

I can see that my efforts do little to help you
but push you away

I'm not sure which way to go
or what to do as I think about you
The way it seems right now
should be less of me and more of you

I can try to come up with the way to help you, cheer up!
but there's not much I can do
I can try to come up with the way to help you, cheer up!
but there's not much I can do.
