

Makin' Love In the Sun

E-Rotic

Say do you wanna get close to madness
Say do you wanna get close to the fire
Why dont you meet me down by the seaside
And join the beat in the heat of desireHey what about you
Would you like that too
If I will do it Hey what would you doMakin love in the sun
Just love in the sun
Cant you see You and me
We will sure have some fun
Makin love in the sun
Just love in the sun
You can feel It is real So like hearts on the runSay do you wanna get all or nothing
Say do you wanna feel somethnig just great
Why dont you join me for a sensation
Oh please come soon Its high noon Dont be late
