

# Take Me (with Tammy Wynette)

## George Jones

Take me, take me to your darkest room  
Close every window and bolt every door  
The very first moment I heard your voice  
I'd be in darkness no moreTake me to your most barren desert  
A thousand miles from the nearest sea  
The very moment I saw your smile  
It would be like heaven to meThere's not any mountain to rugged to climb  
No desert too barren to cross  
Darlin', if you would just show a sign  
Of love, I could bear with all lossTake me to Siberia  
And the coldest weather of the winter time  
And it would be just like spring in California  
As long as I knew you were mineYes, it would be just like spring in California  
As long as I knew you were mineTake me, take me
