

Vedamalady

The Mars Volta

Here it comes again
Mesh of arms travels up my neck

Morning dawn declares itself
And mirrors stare back at my reflection

When Iâ€™m alone, Iâ€™m alone at night
I want winter to fall on me

And Iâ€™m alone, Iâ€™m alone in flight
I am free of equity

Where did I go wrong?
Iâ€™ve got a sneaking suspicion that Iâ€™m under

A kindred connivance
Iâ€™m ripped and in ruins

Here it comes again
Malady of Veda in your ears

Flood the droughts that those...
I canâ€™t stop myself because

When I'm alone, Iâ€™m alone at night
I will set my father free

And Iâ€™m alone, Iâ€™m alone in flight
My mother holds the lock and key

Where did I go wrong?
Iâ€™ve got a sneaking suspicion it ainâ€™t over

A kindred connivance
Iâ€™m ripped and in ruins

Long way patience to drown
With friends that you wonâ€™t save for me

Long way patience to drown

Spin through my spiral, I danced with delay

Long way patience to drown
You call me, I answer and all I can do is obey

Long way patience to drown
I canâ€™t hold my breath for this long

When Iâ€™m alone, Iâ€™m alone at night
I wanna set my father free

And Iâ€™m alone, Iâ€™m alone in flight
My mother holds the lock and key

Where did I go wrong?
Iâ€™ve got a sneaking suspicion it ainâ€™t over

I wonâ€™t let you, I wonâ€™t let them
Set me to repeat
