

Capricorn Sister

Mother Love Bone

Stick it to me baby
My loving father I showed him no pain
Taste of Eucalyptus dances and shakes
Mama, papa talkin' to me Love breeds like rabbits, I'm gonna set you free now
Tell me about your dream
Chartreuse regalia and purple pie petes
You dance Electra and night becomes day Got my mama in the kitchen
She always bitchy, bitchy, bitchin'
So I made my proclamation
To control my masturbation, babe Mama, papa talkin' to me, yeah
Love breeds like rabbits
I'm gonna set you free now
Talk about your dream to me Got my mama in the kitchen
She always bitchy, bitchy, bitchin'
So I made my proclamation
To control my masturbation, babe Burgundy baby
With your blue eyed soul
You play the hits and I'm on that roll
Capricorn sister
Freddie Mercury
Jupiter Child cry Mama, papa talkin' to me, yeah
Love breeds like rabbits
I'm gonna set you free now
