

# Wildcard (feat. Sidnie Tipton)

## KSHMR

I come around the turn  
And people stop and stare  
I'll make a killing from this change  
Snake eyes and sevens  
You can feel it in the air  
You see your fortune  
And your fame

Wanna take a spin?  
Wanna take a roll?  
You know you're dealing with a wildcard  
If you go all in  
I'll make your troubles fold  
Might take your diamonds  
but I'll steal your heart

I'm sure you've had  
A lot of heartaches  
But now you've stumbled  
On a winning hand  
A hard eight  
You crossed your fingers  
And wished upon a shooting star  
But now you're dealing with the wildcard  
Dealin' with a wildcard

You like my high heels  
And my lipstick cherry red  
You're addicted to the rush  
Stop looking for your queen  
And sip on Jack instead  
I'm here to run the tables  
Oh how dare you call my bluff?  
See I'm irresistible  
Kind of unpredictable  
Bet you want some action baby  
Don't you, don't you?

Wanna take a spin?  
Wanna take a roll?

You know you're dealing with a wildcard  
If you go all in  
I'll make your troubles fold  
Might take your diamonds  
but I'll steal your heart

I'm sure you've had  
A lot of heartaches  
But now you've stumbled  
On a winning hand  
A hard eight  
You crossed your fingers  
And wished upon a shooting star  
But now you're dealing with the wildcard  
Dealin' with a wildcard
