

Yellow Sun

Crystal Fighters

Burn up, every cloud above my head, clear the smog and let me rest
Somewhere, every room inside this house, covered with the memory
Of love, all we had is nothing left, stars are on the loose again
Searching, trying to find a better way, hoping we can find it I don't wanna go
Back there there's nothing left
For me what did you expect? I can't, I can't get by without you babe, I can't I can't get by!
I can't, I can't get by without you babe, I can't I can't get high!
Like I'm dancing on the yellow yellow yellow yellow yellow sun
Like I'm dancing on the yellow yellow yellow yellow yellow sun Take off, one way ticket to the sky, I'm
gon' fight for my life
I'm gone, burning bridges like the waves, fire running through my veins
Unchain, form a ladder fantasy, done with all the make believe
Know that, know that
I don't wanna go
Back there there's nothing left
For me what did you expect? I can't, I can't get by without you babe, I can't I can't get by!
I can't, I can't get by without you babe, I can't I can't get high!
Like I'm dancing on the yellow yellow yellow yellow yellow sun
Like I'm dancing on the yellow yellow yellow yellow yellow sun Evening's coming pretty soon I'm
thinking we go dancing on the
Silver moon
Hanging in the purple sky, floating free is how we're meant to
Do like angels
Know that (baby you should)
Know that
Know that (baby you should)
Know that
I can't, I can't get by without you babe, I can't I can't get by!
I can't, I can't get by without you babe, I can't I can't get by!
I can't, I can't get by without you babe, I can't I can't get high!
Like I'm dancing on the yellow yellow yellow yellow yellow sun
Like I'm dancing on the yellow yellow yellow yellow yellow sun
Like I'm dancing on the yellow yellow yellow yellow yellow sun
Like I'm dancing on the yellow yellow yellow yellow yellow sun
