

Ladybug Superfly

Slant 6

She just wants to be
Ladybug Superfly
Different part of me
Ladybug Superfly
She knows just what you want
Ladybug Superfly
You just can't tell her off, you gotta show it
Ladybug Superfly

Only got to ask you once or twice
Cause you know she is your favorite vice
Be ready for the sacrifice
Cause you know she'll put your heart on ice

Hey, don't look back
Ladybug Superfly
There's no other reason to believe
Ladybug Superfly
They're going back in time ____
Ladybug Superfly
Oh no there's nothing there ____
Ladybug Superfly

Only got to ask you once or twice
Cause you know she is your favorite vice
For someone who really cares
Don't stare where you are

I don't need to fill you up
Ladybug Superfly
And then cut you up and let you down
Ladybug Superfly
She reflects what you want to see
Ladybug Superfly
Can't leave, can't let you free
Ladybug Superfly
