

Change Your Way

[Randy Newman](#)

Where you goin' with your shoes undone
Throwin' rocks
Make a fun of everyone
Little man, you make a big mistake
Unless you change your way Stayin' out late every night
Chasin' after street cars
And gettin' into fight, yeah
Son, you're bound to break your mama's heart
Unless you change your way All the teacher at the school
They know you well
'Cause you always the worst one
You always playin' the fool, I can tell
What's the matter with you little guy? Don't you know, take my advice
Before you do somethin' bad, you better
Think about it twice
You surely end up on the shitty side
Unless you change your way
