

# Indian Summer

## The New Orleans Jazz Vipers

I want your number so we can talk  
I can't remember the last time I felt so lost  
    You changed your address  
    You changed your name  
    You were an Indian summer  
    I'm still the same  
    Won't you tell me what to say?

You were always good that way  
Remember singing the whole way home  
About an Indian summer so long ago?  
Won't you tell me what you know?  
'Cause I don't know where to go  
'Cause I don't know where to go
