T.V. Age

Joe Jackson

Here we stand
(Remote control buttons in our sweaty little hands)
As one man
(We're lining up and waiting for someone's command)We don't move
(We send out for food, get the news on video)
I can prove
(There's no need for movies, we got HBO)
In the TV ageThey're out there somewhere
(You know the force has got a lot of power but what makes you think
It gives a shit about you who are you anyway?)
They're taking over
(And I believe the aliens have to take a physical form on our planet
So why not one with 13 channels)
They're out there somewhereTimes must change
(This ain't the stone age, we don't have rocks in our heads)
What's so strange
(We don't work no more, so why get out of bed)
