Sick Bubblegum

Rob Zombie

Mechanized head and a God Named Zed
I keep telling you it's alright
A parallax view that you can't unscrew
When it all just gets so tight
Chew it up, spit it out
Sick bubblegum
Blow it up, spit it out
Sick bubblegum
Turn it up, push it down
Sick bubblegum
Shove it in, rip it up
Sick bubblegum
Fire proof stick and I ain't so quick
I just made you think I am
Black numb days and a model hater
Brand new illusion scare
Chew it up, spit it out
Sick bubblegum
Blow it up, spit it out
Sick bubblegum
Turn it up, push it down
Sick bubblegum
Shove it in, rip it up
Sick bubblegum
Remember the coop when you hit the loop
A new God in Hollywood
Diamond daze and your locust plays
You wouldn't make it if you could
Chew it up, spit it out
Sick bubblegum
Blow it up, spit it out
Sick bubblegum
Turn it up, push it down
Sick bubblegum
Shove it in, rip it up
Sick bubblegum
