Bad List

Ayria

Somehow it feels. I'm getting more frustrated.
With every tongue-tied, wild-eyed, over-rated,
Narcissistic, self-absorbed, spawn, of generation bored.Want to see you vulnerable,
I am not your equal.
Ruling with an iron fist,
and you are on my bad list.
Routine casualty,
Razor sharp beauty queens.
Bridges built,
bridges burned.
You will get what you deserve.What did they do?
Made you so awful.
Why do you say,
the stupid things you do?
The ones you've hurt,
I hope they hurt you too.
The things you've done,
will eat away at you.And now I think, I'm done caring.
Too many mindless, self-obsessed, over-bearing,
Misogynistic, plastic hearts.
Can't wait to see you torn apart.Want to see you vulnerable,
I am not your equal.
Ruling with an iron fist,
and you are on my bad list.
Routine casualty,
Razor sharp beauty queens.
Bridges built,
bridges burned.
You will get what you deserve.What did they do?
Made you so awful.
Why do you say,
the stupid things you do?
The ones you've hurt,
I hope they hurt you too.
The things you've done,
will eat away at you.What did they do?
Made you so awful.
Why do you say,
the stupid things you do?

The ones you've hurt,
I hope they hurt you too.
The things you've done,
will eat away at you.You've made this list,
you won't be missed.
You'll have to learn,
some things you don't deserve.What did they do?
Made you so awful.
Why do you say,
the stupid things you do?
The ones you've hurt,
I hope they hurt you too.
The things you've done,
will eat away at you.What did they do?
Made you so awful.
Why do you say,
the stupid things you do?
The ones you've hurt,
I hope they hurt you too.
The things you've done,
will eat away at you.The things you've done,
will eat away at you.
The things you've done,
will eat away at you.
