

Skydiving

Lights

It all starts here
With a rush of blood to the head
And I feel no fear
And nothing's happening yet
You pull me in
I'm doing things I never would do
My pulse racing
I'm coming alive with you Free fall with me
Get a little unruly
No guts no glory
You said to me
Get a little unruly
No guts no glory
You got me
Skydiving
You got me
High flying
Oh, I'm jumping off of the world now
I'll never stop, never slow down
Skydiving I take the leap
Without a parachute
Cause I can't keep
My hands away from you
And I'm all in
It's too late to turn around
The trembling is taking my body now Free fall with me
Get a little unruly
No guts no glory
You got me
Skydiving
You got me
High flying
Oh, I'm jumping off of the world now
I'll never stop, never slow down
Skydiving I'm going down, down, down, down
I'm going down, down, down, down
I'm going down, down, down, down
I'm going
Skydiving You're leaving a mark on me

Diving into me so slowly
Always making it so easy to convince me
Boy you're leaving a mark on me
Diving into me so slowly
Always making it so easy to convince me You got me
Skydiving
You got me
High flying
I'm jumping off the world now
I'll never stop, never slow down
Skydiving I'm going down, down, down, down
(Skydiving)
I'm going down, down, down, down
(You got me skydiving)
I'm going down, down, down, down
(You got me high flying)
I'm going
(You got me)
Skydiving
I'm going down
