

XO (Live From UCF Arena)

Fall Out Boy

I comb the crowd and pick you out
My mouth moves too fast for you to figure it out
It starts eyes closed to fingers crossed
To I swear, I say, to I swear, I say To hands between legs, to whatever it takes
To drinks at the club, to the bar
To the keys to your car
To hotel stares, to the emergency exit door To the love, I left my conscience
Pressed between the pages of a
Bible in the drawer
"What did it ever do for me?" I say It never calls me when I'm down
Love never wanted me, but I took it anyway
Put your ear to the speaker and choose love or sympathy
But never both, love never wanted me "I hoped you choked and crashed your car"
Hey tear catcher, that's all that you are
And ever were from the start
I swear, I say To hands between legs, to whatever it takes
To drinks at the club, to the bar
To the keys to your car
To hotel stares, to the emergency exit door To the love, I left my conscience
Pressed between the pages of the
Bible in the drawer
"What did it ever do for me?" I say It never calls me when I'm down
Love never wanted me, but I took it anyway
Put your ear to the speaker and choose love or sympathy
But never both...love To the love I left my conscience pressed
Through the keyhole, I watched you dress
Kiss and tell
Loose lips sink ships To my love I left my conscience pressed
Through the keyhole, I watched you dress
Kiss and tell
Loose lips sink ships To the love I left my conscience pressed
Through the keyholes, I watched you dress
Kiss and tell (Kiss and tell)
Loose lips sink ships To the love I left my conscience pressed
To the love I left my conscience pressed
To the love I left my conscience pressed
Pressed between the pages of the
Bible in the drawer

"What did it ever do for me?" I say
