

Feelin' Free

Michael Franti & Spearhead

I want to thank you for the seeds you've plant in me
I want thank you for the earth roots my feet
I want thank you for the sun that greens my leaves
I want thank you for the mysteryBut it seems to me that I'm about to be
Feeling freeBa, da, ba, ba, daPlease remember me when I close my eyes
Please remember me when I scream my silent cries
Please remember me when I'm not doing my best
Will you remember me when my spirit needs to rest?
