

Kiss Me

Melissa Etheridge

Baby what you doin' tonight?
I'll go anywhere that you want to go
Jump into my car, go down to that bar
Pretend I'm someone that you don't know I'll ask you if you would like to dance
Slip myself up close to your thighs
You can buy me a drink, we'll make everyone think
That love is so damned perfect tonight Kiss me, kiss me, kiss everything away
Oh honey now, kiss me, kiss me
Kiss me, come out and play A woman can go crazy I know
Working all day in and day out
Come on, we'll let off some steam, create a scene
Nothing like a good scream and shout Kiss me, kiss me, kiss everything away
Oh honey now, kiss me, kiss me
Kiss me, come out and play Your kiss is like medicine
A prescription to ecstasy
And your mind is my playground
Look at what I've found, lying next to me Baby what you doin' tonight?
I'll be anyone you want me to be
Just a girl in a bar, your personal super star
I just want ya, I want ya, I want ya
I want ya to Kiss me, kiss me, kiss everything away
Oh honey now, kiss me, kiss me
Kiss me, come out and play Kiss me, kiss me, kiss me, come out and play
Come out and play, come out and play
Come on, come on out and play
