

# On'n'On (Live / AAA)

## Justice

### VERSE 1

Before day break there were none  
And as it broke there was one  
The moon, the sun, it goes on 'n' on  
The winter battle was won  
The summer children were born  
And so the story goes on 'n' on

### CHORUS

Come woman if your life beats  
Those we buried with the house keys  
Smoke and feather where the fields are green  
From here to eternity  
Come woman in your own time  
Far, far, far from the virgin vine  
Rising up from the dead leaves  
Come back to me  
Oh, she sings her favourite song  
Left to tears and dreams  
It goes on'n'on

### VERSE 2

A vessel in the bloodline  
The 13th zodiac sign  
A stitch in time it goes on 'n' on  
Someday the grapes will be wine  
And someday you will be mine  
And so the story goes on 'n' on

### (CHORUS)

### VERSE 3

That which was put in the ground  
Will someday come back around  
From dust to dust it goes on 'n' on  
Before daybreak there were none  
And as it broke there was one  
And still the story goes on 'n' on.
