

Liberty Walk

Miley Cyrus

Don't live a lie
This is your one life
Don't live a lie
You won't get lost
Just walk, just walk

Here's to all the ones tryin' to hold you back
Tryin' to make you feel like you're less than that
Givin' nothing more better than to make you crack
But really just trying to push your dreams off track
And you know in the end, it'll be OK
'Cuz all that really matters are the steps you take
And everything else falls into place
There's no price to pay, I say

Well, alright (alright)
Yeah, yeah (yeah, yeah)
We gonna get it
When we live it, live it
Well, alright (alright)
Yeah, yeah (yeah, yeah)
We gonna get it
When we live it, walk, walk

It's a liberty walk, walk
Saying goodbye to the people who tied you up
It's a liberty walk, walk
Feelin' your heart again, breathin' new oxygen
It's a liberty walk, walk
Free yourself, slam the door, not a prisoner anymore
Liberty, liberty, li-li-liberty, liberty, li-li
It's a liberty walk, walk, walk

Don't be afraid to, make a move
It won't hurt you just do
What you were born to do
And everything works out right
Don't listen to all the people who hate
'Cuz all they do is help make your mistakes for ya
Well they don't own ya

I just told ya

Well, alright (alright)
Yeah, yeah (yeah, yeah)
We gonna get it
When we live it, live it
Well, alright (alright)
Yeah, yeah (yeah, yeah)
We gonna get it
When we live it, walk, walk

It's a liberty walk, walk
Saying goodbye to the people who tied you up
It's a liberty walk, walk
Feelin' your heart again, breathin' new oxygen
It's a liberty walk, walk
Free yourself, slam the door, not a prisoner anymore
Liberty, liberty, li-li-liberty, liberty, li-li
It's a liberty walk, walk, walk

Just walk this way...
Don't like what you do (walk)
Don't take the abuse (walk)
Move to the truth
People come on that means you!

It's a liberty walk, walk
Saying goodbye to the people who tied you up
It's a liberty walk, walk
Feelin' your heart again, breathin' new oxygen
It's a liberty walk, walk
Free yourself, slam the door, not a prisoner anymore
Liberty, liberty, li-li-liberty, liberty, li-li
It's a liberty walk, walk, walk
