

When I Get Over You

Juice Newton

Verse 1 :Hell will freeze, love will grow on trees and

Rivers all will run dry

Birds won't sing and the bells wont ring

There will be no stars in the sky

Chorus: Oh the truth will be untruth

One and one will not be two

I'll do something i'll never do

When I get over you

Verse 2: Moon won't glow and the wind won't blow

There will be no lesson to learn

Life will be too long, right will be all wrong

And this world will no longer turn

(Chorus Repeat 2 times)

Oh the blues will not be blue

When I get over you

When I get over you
