

# Television Man (Extended Mix)

## Talking Heads

I'm looking and I'm dreaming for the first time  
And I'm inside and I'm outside at the same time  
And everything is real  
Do I like the way I feel? When the world crashes into my living room  
Television made me what I am  
People like to put the television down  
But we are just good friends, I'm a television man I knew a girl, she was a macho man  
And I it's alright, I wasn't fooled for long  
This is the place for me  
I'm the king, and you're the queen When the world crashes into my living room  
Television made me what I am  
People like to put the television down  
But we are just good friends, I'm a television man Take a walk in the beautiful garden  
Everyone would like to say hello  
It doesn't matter what you say  
Come and take us away The world crashes in, into my living room  
The world crashes in, into my living room  
The world crashes in, into my living room  
The world crashes in, into my living room And we are still good friends  
(Television man)  
I'm watching everything  
(Television man) I'm a television man  
(Television man)  
I'm watching everything  
(Television man) Television man and I'm gonna say  
We are still good friends and I'm trying to be  
Watchin' everything and I gotta say  
We are still good friends you know the way it is Television man I've got what you need  
We are still good friends I know the way you are  
Television man I know what you're tryin' to be  
Watchin' everything and I gotta say  
That's how the story ends
