All the Ways You Let Me Down

Candy Hearts

You say my heart's not big enough
to hold the distance between us
well the distance has never felt as big
as when you're lying right next to meYou want to fight for our love
darling don't you think we've fought enough?
will you make up your mind
tell me what it is you wantCause I could count all the ways that you let me down
let my head hang low cause I keep you around
when we've got nothing left, left to talk about
but all the ways, all the ways that you let me down
Like when you say that you need space
I'd have to get on a plane
just to find you to tell you that you're wrong
I haven't seen you in a month or moreOr when you say you're lonely
was that message even meant for me?
I've seen the way you talk to other girls
did you think I wouldn't find out
Cause I could count all the ways that you let me down
let my head hang low cause I keep you around
when we've got nothing left, left to talk about
but all the ways, all the ways that you let me downYou, you try to cut me out cause you think that that will make you happy now
and you, you always turn around saying im someone you can't live without
well when you wake up, I won't be around
