# My Heaven

## Mikaila

I have this vision, I keep inside me
I've told to nobody else
Baby, I'm gonna share it with you
'Cause I can't keep it all to myselfI could tell you I don't want you
But you know it's a lie
You see the truth in my eyesYou are my heaven
You are my secret dream come true
My Heaven
And I want it just like this every night
And I wanna feel like this the rest of my lifeJust like the sunshine when the rain is over
I looked up, you were there
I'm giving thanks to the one who made you
You've answered every one of my prayersOnly you look deep inside me
And see who I really am
Only you understandYou are my heaven
You are my secret dream come true
My Heaven
And I want it just like this every night
And I wanna feel like this the rest of my lifeNever knew anybody out there
Could undo me like you do
You made my fantasy so very real
A world I never knew
