Child

Tait

You want to run
But you're too afraid to leave
You said you have faith
But not enough to believeYou're back and forth
You go back and forth again
It wears you down
And it ties your handsNo more running
The search is over
Your salvation
Has brought you back to lifeChild, wipe your tears away
'Cause Jesus cares for you
He knows you're hurting
And all you're going throughWon't you try? Just test your faith and see
You'll walk the oceans and believe
He's right there by your side
Oh, oh, childOut of place is where you find yourself
Without a trace, you send an S.O.S. for help
No more running, the search is over
Your salvation has brought you back to lifeChild, wipe your tears away
'Cause Jesus cares for you
He knows you're hurting
And all you're going throughWon't you try? Just test your faith and see
You'll walk the oceans and believe
He's right there by your side
Oh, childWipe your tears away
Oh, wipe your tears away
Oh, wipe your tears away, ohOh, child, wipe your tears away
[Incomprehensible]
He cares for you
All you're going throughOh, won't you try? Just test your faith and see
You'll walk the oceans and believe
He's right there by your sideOh, child wipe your tears away
'Cause Jesus cares for you
