[Verse 1: ~Vex~]

Twelve O'clock on my block on a hot summer's day

Asiatic dragonfly's passin' by my way

Sister Africa with oriental eyes here she come

Ebony rose from the Earth gettin' darker in the sun

Cocomo complexion brown sugar with the smile

Sun showers to the knees love flower by the Nile

Peace be? the love survive

Coolin' in the park after dark with the tribe

Aww yeah

Check out all the honeydips in Gotham

Aww yeah

Chillin' with the deadlock crew

Aww yeah

Respect to every black woman I'm

Standin' on the street watchin' you

True

You know how we do

Chillin' in the aura effervescence just me and you

Out in Gotham, baby you fine

I think that I'm losin' my miiiiiiind

[Chorus] [x4]

Honeydips in Gotham

[Verse Two] [Mondo]

A strong black complexion

You draw me like a magnet when you smilin'

You check me cause I made it, might you be from the Island?

The eye of the beholder couldn't handle you, you're precious

Pardon me my man as I address this

Honeydip I'm clockin'

Right on time here comes the perspiration

I'm not the man, she has an aura of intimidation

If I can know you name perhaps tomorrow we can grow

Your eyes don't lie, I'd be a great African hero  
He who breaks the barrier will be the one's successor  
I'm claimin' you my cheese because I'm fresher  
At night I pray to God, we'll walk the path of righteousness together  
Natural potent, my dip don't be smokin'  
Patience is a virtue so I wait around for you  
Honeydip in Gotham, I know there's but a few  
Give me a day in the life of you, you smile with contemplation  
Startin' off the evenin' with some pure conversation

[Chorus] [x4]

Honeydips in Gotham

Honeydips in Gotham

[Verse Three] [Vex]

All the lovely ones, bounce on the one  
Switch on the two with the sister next to you  
Now bounce with a new brother and rock with your crew  
Honeydips represent, aight  
This is how we do

Coco butter brown sugar makes the underwater chocolate  
Special dedication to the sisters come to rock it  
The mind makes you fine so money can't buy it  
All the ugly sister's be quiet

[Mondo]

Conversation is on the up rise

Not ended until dusk

When we're tired and are arms wrapped will make Egyptian  
Must niggas get mad? When they see the honeydip and me  
In Mocodo shorts, but we know who niggas wanna be  
Flyin' through the galaxy, you'll be the star beside of me

The temple of the energy

The sister and I miss ya, when you're with me

Your my sweet and sexy thang

You're a honeydip to me!

[Chorus] [x4]
