Tonka Toy Freestyle

Riff Raff & DJ Afterthought

Lareaw font Leroy in the Tonka toy
Rumor has it I'm 50k wrist almond joy
Aq-aquaberry diamonds with the white dots
Banana berries in my ears look like lemon drops
Lockdown driving backwards like a tree
Forest green looks like loch ness knees
Rewind to the color of the zelda trees
Talking bout the color sally strollin Gucci cheese
I can cop Prada shoes in preschool
I drape my nephew before curfew
Ball for the Jets, ball for the Mets
Sun down orange diamonds look like Sunset
--------? Shoot jumpers like Garnet
White key sweat peach Corvette
The hardest you have seen, hardest you done heard
What's the word I valet park the mockingbird
Damn yea the frostbite
----------?
Acres home delight, yea
Some say im from haiti
You probably right

work in progress
