

Listen Up (Acoustic)

Starsailor

So it was, my life began
Just a pale and drawn shadow of a man
Then I put my amour on
This could be the night all my fears are gone
This could be the one Listen up, we're gonna make it somehow
We're gonna change the world
Starting with here and now There's a time for standing tall
Every man must rise, every man must fall
When he comes to call Listen up, we're gonna make it somehow
We're gonna change the world
Starting with here and now Oh, listen up, we're gonna make it somehow
We're gonna change the world
Starting with here and now Oh, listen up, we're gonna make it somehow
We're gonna change the world
Starting with here and now
Ooh, ooh, ooh, ooh
