

Can't Slow Down

Jonathan Clark

Time to relax
And take a load off the life I live
Stop thinkin' so fast
There's only so much that I can give

I wanna stop and smell the roses
Before they're out of bloom
Sit and watch the sun go down
Slow dance underneath the moon
If this is my only time around
I don't want to waste my life cause I can't slow down
I gotta slow down

It's another perfect day
Nothin' much went wrong or right
Now, I search for things to say
To keep all the good things here in sight

I gotta stop and smell the roses
Before they're out of bloom
Sit and watch the sun go down
Slow dance underneath the moon
If this is my only time around
Oh, I don't want to waste my life cause I can't slow down

I've been runnin', tryin' to hide it
But there's just no good place to throw it all away
I've been done in tryin' to find it
There has got to be a better way
Yeah, a better way
Oh, a better way, yeah

Come on, come on yeah
All right

I wanna stop and smell the roses
Before they're out of bloom
Sit and watch the sun go down
And slow dance underneath the moon
If this is my only time around

Oh I donâ€™t want to waste my life cause I canâ€™t slow down
