

# Some Kind Of Nothingness

## Manic Street Preachers

The sky is falling in on you  
Crushed any happiness you viewed  
That you need more so you feel love  
It still never be gone  
Remember you stretched out in the sun  
All alone forever, conclusions foregone  
Will you find some kind of nothingness  
Still and lonely like an old school photograph  
Laid yourself out under the stars  
Some peace, some rest so don't be sad  
A fitting end to your end  
But maybe death's our only friend  
Remember you stretched out in the sun  
All alone forever, conclusions foregone  
Will you find some kind of nothingness  
Still and lonely like an old school photograph  
Your future glories are emptier thoughts  
This beauty feeling nothing at all  
It's what you wanted, it's what you got  
Your final search for truth has stopped  
This beauty feeling nothing at all  
Never, never stop  
Never, never, never stop  
Never stop, never stop  
Never stop, never  
Remember you stretched out in the sun  
All alone forever, conclusions foregone  
Will you find some kind of nothingness  
Still and lonely like an old, old school photograph
