

# There's Gonna Be Some Rockin'

AC/DC

Well me and the boys  
Are out to have some fun  
Gonna put on a show  
Come on, let's go There's gonna be some rockin'  
There's gonna be some rockin'  
There's gonna be some rockin' at the show tonight Every night there's a rock 'n' roll queen  
Gonna quiver and quake  
Gonna shake her thing Gonna be some rockin'  
There's gonna be some rockin'  
There's gonna be some rockin' at the show tonight  
It's a rock 'n' roll show We got a big fat sound  
Wanna to share it round  
Got a big bass drum  
Gonna have some fun Gonna be some rockin'  
There's gonna be some rockin'  
There's gonna be some rockin' at the show tonight C'mon  
There's gonna be some rockin'  
There's gonna be some rockin'  
There's gonna be some rockin'  
There's gonna be some rockin'  
There's gonna be some rockin' at the show tonight  
There's gonna be some rockin' Hey there's gonna be some rockin'  
There's gonna be some rockin'  
Gonna be some rockin'  
There's gonna be some rockin'  
There's gonna be some rockin' at the show tonight  
Hey there's gonna be some rockin' at the show tonight  
Oh there's gonna be some rockin' at the show tonight
