

# Wanna Love You Girl

[Robin Thicke](#)

She's the kinda girl you wanna marry  
The kinda girl you walk the whole earth for  
Put her on your back and just carry  
Her attitude is hotter than the earth's core  
When she's around nothing else matters  
Untouchable she's got her own forcefield  
Sooner or later someone will get at her  
If I don't someone else will

[Chorus:]

Wanna Love You Girl  
Wanna Love You Girl  
Wanna Love You Girl  
Wanna Love You  
Wanna Love You Girl  
Wanna Love You Girl  
Wanna Love You Girl  
Wanna Love You [x2]  
Oh, oh, oh, oh, oh, oh, oh, oh  
oh, oh, oh, oh, oh, oh, oh, oh

She's the kinda girl you wanna marry  
Scientists say that she's the second sunshine  
And now my life is sweeter than berries  
I guess if we have sex our love will turn to wine  
When she's around nothing else matters  
Even if the sky was at a stand still  
If I turn my back then someone will get at her  
If I don't someone else will

[Chorus:]

Wanna Love You Girl  
Wanna Love You Girl  
Wanna Love You Girl  
Wanna Love You  
Wanna Love You Girl  
Wanna Love You Girl  
Wanna Love You Girl  
Wanna Love You [x2]

Oh, oh, oh, oh, oh, oh, oh, oh  
oh, oh, oh, oh, oh, oh, oh, oh  
Wanna Love You Girl (I'm so glad)  
Wanna Love You (I found you)  
Wanna Love You Girl (oh yeah)  
Wanna Love You  
Wanna Love You Girl  
Wanna Love You  
Wanna Love You Girl  
Wanna ohhhh  
Love You Girl [x2]

[Pharrell:]  
Uh picture this all  
Picture my life and my intention to ball  
Picture this ice and how it glitter fo yall  
Now don't you feel claustrophobic when that chick is involved?  
She change ya life-and your frame of mind  
Sorry I hope what I'm saying is fine  
We fuss but we take it one day at a time  
If there's a fire you know that she'll lay in the line  
I just close my eyes and curve my mouth  
Open my mind and words come out  
Your electric  
Your creative  
You that picture girl I just painted  
I got it you name it it's all paid for  
Big castle on the sea shore, with the Willy Wonka decor  
How this sound: Mr. & Mrs. Skateboard P

[Chorus:]  
Wanna Love You Girl (I'm so glad)  
Wanna Love You (I found you)  
Wanna Love You Girl (oh yeah)  
Wanna Love You  
Wanna Love You Girl  
Wanna Love You  
Wanna Love You Girl  
Wanna ohhhh  
Love You Girl [x4]
