

You Are One of Us

Mott the Hoople

(ian hunter)Well you know the way we go

And you know the way we see

Grateful for the chosen road

Nice to have the memories

And you know we won't forget you

And you know we'll always care

We won't follow no superstitions

We ain't running anywhere

(hey)

Thankyou for the way you've been

Each and every night

Thankyou for most everything

Thankyou baby, thankyou baby

Thankyou baby, thankyou babyYou are one of us yes you are

(hey hey you know you know)

You are one of us yes you are

(yes everywhere we go)

(and it's everywhere we've seen)

You are one of us yes you are

(ooo yeah)

(everything we do)

(thankyou)

(I said thankyou)

(I said thankyou)
