

Swing Low

Gossip

Better make it good
Better make it now
Well baby, we'll shake it hard
Nobody has to know Sweet baby, mama's baby
There's only one thing
That could make you my lady
Swing low, down low, sweet chariot If you know what I mean
I'll say it fast
Like you never seen Sweet baby, mama's baby
There's only one thing
That could make you my lady
Swing low, down low, sweet chariot Make it, uh, uh, good
Make, make it, make it now
Make it, uh, oh yeah We'll keep our secret, hon'
Way down low
Between me and you, girl
Nobody has to know Sweet baby, mama's Baby
There's only one thing
That could make you my lady
Swing low, down low, sweet chariot
