Scorpio Rising

Death in Vegas

Come along nice, come along dead
Scorpio rising, paint it red
Psychic equalizer in your head
Come along nice, come along dead
Scorpio rising, paint it red
Psychic equalizer in your head
Come along nice, come along dead
Scorpio rising, paint it red
Psychic equalizer in your headI wanna go to Heaven, never been there before
I wanna go to Heaven so you kill me some moreCome along nice, come along dead
Scorpio rising, paint it red
Psychic equalizer in your head
Come along nice, come along dead
Scorpio rising, paint it red
Psychic equalizer in your headCome along nice, come along dead
Scorpio rising, paint it red
Psychic equalizer in your head
Come along nice, come along dead
Scorpio rising, paint it red
Psychic equalizer in your head
