## Beats Antique

[Tech N9ne]Yo, wassup baby?

How you been?

It's been a long time since I talked to you last

I got a question, you still with homeboy?

Y'know homeboy don't matter to me

I'm interested in you baby

We can creep

Y'know what I'm sizzlin'?

Just think about it baby, I'm tryin' to get with you for real

[Chorus] - 2x

Might be some fun to runaway

This game is one I wanna play

I'm done, he's gone and run astray

No fun, the sun has gone away

[Tech N9ne]Wassup?

This ya boy Tech Nina

It's good to hear ya, but it's been a minute since I seen ya

Fox demeanor

Gots to dream ya

Cause you stay blocked and locked with hops between ya

I know you got a man

I know you got a little on the side

But I was thinkin if you down for creepin then we can slide

You's a hot one

And you look like you need a top notch one

Ya boy couldn't win it with Johnny Cochran

I know he with you when it's cool

But I'm still tryin to get you to cruise

That ill behind and your lips and your boobs

Come get with a fool

We can take any trip that you choose

Forget that your dude is waitin while you twistin in the nude with this

Boss villian ghetto true mafia

Feel you from here to Czechoslovakia

What's stoppin ya?

I need it and I don't think that I can deal without it

Strictly being real baby tell me what you feel about it

[Chorus] - 2x

Might be some fun to runaway  
This game is one I wanna play  
I'm done, he's gone and run astray  
No fun, the sun has gone away  
[Tech N9ne]I know you got time with dude and I'm new  
But I'mma true  
and I'm tryin to get into you  
I know he probably give you big love  
But I don't trip cause  
Dude's cool, I met him at the strip club  
Ya he's good for you  
He keeps you grounded  
While I pound it  
Soft and wet is how it sounded  
Leave you astounded  
From the tongue dancin around it

That's the angle  
Search for an angel  
and then I found it  
Right between those eyes baby  
I know it gets heated at home  
But your homie Tech Nizzle can hear your cries baby  
I know it's hell, I put out fires with this  
Got him cussin on your pager and slittin tires and shit  
You don't need that  
You need positive feedback  
Lift you're skirt up and throw you on the counter and eat that  
L-E-G's back  
Pull it out and I tease that  
We release that  
Have us a drink and repeat that  
What you think?

[Chorus] - 2x

Might be some fun to runaway  
This game is one I wanna play

[Tech N9ne]Yo, yo, check  
I need a hardcore chick who can chill  
On the rap side  
Love, money, and keep her scratch-tied  
So when your homeboy don't act right  
Just remember my face is a permanent sittin spot for your backside  
I'm just tryin to kick it

Make up your mind you want N9ne to stick it  
I'm diggin you because you fine and wicked  
Don't want to miss it  
I'm psycho sick wit it  
Dig it  
I slop you like a biscuit  
and I'll hop ya like a cricket  
This is a - decent proposal don't ever hate on it  
When I see somethin I want baby I'm never late on it  
You ain't gotta answer now you can merinate on it  
But before I go I got to throw this serenade on it  
It goes  
When it rains and when it thunders  
If he treat you like a cheap and he runaway from ya  
You can call me on the under  
When you need someone to run to just dial my number  
[Chorus] - 2x  
Might be some fun to runaway  
This game is one I wanna play  
I'm done, he's gone and run astray  
No fun, the sun has gone away  
[Tech N9ne]So what you think baby?  
You think you can do this?  
You think you got the borders to do this with me? (Hehehe...)  
You know you're thinkin about it  
I know you're thinkin about it  
I see how you look at me  
You and me exchangein looks over his shoulder at the restaurant, remember that? (Heh)  
Ya, I know you remember that  
Just creep with me baby, it's cool  
We can kick it, y'know what I'm sayin?
