

# Retrogression

## DEADSKIN

Holding back unconnected  
Lapsing in a hole  
Intermission never ending  
Castigate this voidCage this retrogression  
    Gates of change  
    Disturbing self confessions  
Powerless ragePlummeting hate trivia  
    Pumping through my veins  
    Dispassionate envy  
Sharpens the bladeCage this retrogression  
    Gates of change  
    Disturbing self confessions  
Powerless rageCage this retrogression  
    Gates of change  
    Declining optimism  
Desire derangedCage this retrogression  
    Gates of change  
    Disturbing self confessions  
Powerless rageCage this retrogression  
    Gates of change  
    Declining optimism  
    Desire deranged
