

Make U Mine

Yukon Blonde

If I called you up tonight
If it made you feel alone
Could I reach up from the ground
Cause I never wanted something like you so bad
And I wish I could make you mine When I call you on the phone girl
You think I'm crazy but you know girl
It's just a chemical emotion
You're fine You tell me everything will be alright
But then you turn your back on me
You're just the thing I need to make it right
Wish I could make you mine
When I call you on the phone girl
You think I'm crazy but you know girl
It's just a chemical emotion
You're fly If I tripped you up to night
Cause you struck me to the bone
You never made a sound
Get me a chance to know you
Like your boyfriend
And I know I can make you mine I know how it feels
Let me take it slow
Lose control
Let me know
You know how I feel
Lose control
I want your mind
You are the only girl I dream about
But then you hang up on me
Just call me, call me baby one more time
I wish I could make you mine
And I can make you I know how you feel
Let me take it slow
Lose control
Let me know
You know how I feel
Lose control
I want your mind I know how it feels
Let me take it slow
Lose control

Let me know
You know how I feel
Take it slow
I want your mind I know darling
Yes I know you're mine
You know baby
You're on my mind
Lose control
Take it slow
Let me know
You're on my mind
