White Knuckles

Ok Go

You never get that taste
Out of your mouth
You never get the paw prints
Out of the hen house now
And you can't go back
Same way you came
Round all the pieces up
But they just don't fit the same
White knuckles
Maybe it's not so bad
So let your hair down now
White knuckles
Yeah, maybe it's not so bad
Oh, go ahead and let it down
So come and let it all out
Let it bleed
Did you get what you want?
Did you get what you need?
Behind the lines
Behind the wall
Tell me 'bout the bed you made
Was it that bad after all?
White knuckles
Yeah, maybe it's not so bad
So let your hair down now
White knuckles
Oh, maybe it's not so bad
So let it all come down now
So just how far
Is far enough?
Everybody needs to sleep at night
Everybody needs a crutch
But couldn't good
Be good enough?
'Cause nothin' doesn't ever change
But nothing changes much
Yeah, maybe it's not so bad
So let your hair down now
White knuckles

Oh, maybe it's not so bad
Then let it all come down now
Yeah, maybe it's not so bad
Just let your hair come down now
Oh, maybe it's not so bad
Just let it all come down
