Greater Is He

Blanca

I face a giant
In over my head
Help me to look up
I take a deep breath
And take the next step
Though I may be weak
I know who is with me

And greater is He living in me
Than he who is in the world
Whatever may come, His strength is enough
My heart is at peace, for greater is He

I face an ocean
The waves are raging
Help me to look up
Youâ€™ll do what I canâ€™t
And Iâ€™ll walk on dry land
Iâ€™ll step out on the sea
â€˜Cause I know who is with me

And in His name, giants will fall
And in His name, oceans will part
And in His name, thereâ€™s nothing we wonâ€™t overcome
This is our God, this is our God
This is our God, this is our God
