Coke Song

The Cootees

Caffeine in my system makes me feel so good inside
Yeah it wakes me in the morning
When I take that caffeine ride
I am so thirsty my throats so dry I choke
There is no question and this is no joke
I need some COKE
Looking in the mirror I start jumping all around
Yeah I fear that dreadful moment
when one caffeine high goes down
Its what I need liquid satisfaction
Won't you buy it for me COKE
