

The Voice

The Alan Parsons Project

It's almost a feeling you can touch in the air
You look all around you but nobody's there
It's been a long time now since you've been aware
That someone is watching you
(He's gonna get you) Sooner or later when your big chances come
You'll look for the catches but there'll be none
Remember before you grab the money and run
That someone is watching you
(He's gonna get you) Before you run and hide
He's gonna get you
You got no choice
'Cause you can't escape the voice Jumping at shadows that come up from behind
Scared of the darkness that's there in your mind
You're frightened to move because of what you might find
Someone is watching you
(He's gonna get you)
