So Good (featuring Keon Bryce)

[Angie]
He was all I wanted, late night talkin',
On the phone till daylight often,
At home he came through, dinner on the table,
Plate bites lost him, the love was strong then,
We went for walks then, then I lost him,
I mean he's still her but I ignore him,
'cause he's too busy for me,
He comes around a few minutes then leave,
Things ain't the way they used to be,
Then I met this guy right down the street,
And this is what he said to meHello good lookin', tell me how are you,
Every time I see you baby, lookin' so
Good,let me show you girl, I can be so goodI tried to work things out, bring things back
Arguments started, you don't know how to act,
Could a brought up the fact, that today I met this new dude,
And I don't need the say it, he probably would a thought I was playin',
And he probably would a said stop playin',But this bullshit I'm about to stop, takin',
'Cause this new guy's about to drop, waitin',
I ain't playin, he played him self,
Need space need time, oh well, you can have all the space in the world, and
Your man might have found a new girlEven though you don't know me, what can I do,
Let me see you girl, one Saturday afternoon,
Let me show you girl, I can be so goodEvery girl need's affection, not somebody who's stressin',
Hope he learned his lesson, 'cause in one direction,
You can't see to the left and, you're stuck wit a dumb fuck,
Who don't understand that one truck, don't matter to you,No car crib either, just you and him in a two seat a,
But they always find out when its too late,
Tellin' me to wait, no you wait,
Wait till you see me in his arms,
And understand that I'm goneHello good lookin', tell me how are you,
I see you girl, walkin' that avenue,
Let me show you girl, I can be so good
