

# Well Done

## Deitrick Haddon

Just wanna make it to Heaven  
I just wanna make it in  
Oh, I just wanna cross the river  
My Lord, I wanna be free from sin, oh I just want my name written, oh Lord  
Written in the Lamb's book of life, eh, yeah  
And when this life is over, ooh  
Just wanna have eternal life, Lord Oh, I wanna hear You say  
I wanna hear You say Well done, well done, well done  
You can come on in  
Well done, well done, well done  
You can come on in Anybody wanna see your loved ones, um yeah  
That you lost along the way, oh my, my  
I just wanna walk those streets of gold  
They say the half have never, never been told  
I'll do my singin' Lord, I don't want it to be in vain I just wanna cross that river, O Lord  
That's why I am livin' day to day  
Just to hear You say  
Say, say, say, hey Well done, well done, well done  
You can come on in  
Well done, well done  
I hear Him say, "You can come on in" Well done, well done  
I hear Him say, "You can come on in"  
Well done, well done  
I hear Him say, "You can come on in"
