

Pins And Needles

[Reba McEntire](#)

[Chorus]

Pins and needles

Needles and pins

One by one I feel them at my heart again

I think I'm getting over you and then

Pins and needles

Needles and pins

I don't know why

I get uneasy

Every time I hear your name

I feel a sting from every memory

That we made

[Chorus]

That tiny ache

Can always find me

Anytime that you are near

Those little things

Can still remind me

That you don't care

[Chorus]

(Pins and needles

Pins and needles

Pins and needles

Needles and pins)
