

# Lady Sun

## Earth, Wind & Fire

You bring joy to my life  
And I'm so glad that we are together  
You're the one who lifts me up  
You bring sunshine where there's stormy weather  
When I think of you  
I thank you for your love and understanding  
Like a plane you make me fly  
You bring our love to a happy, happy, happy landing  
I found out, what love's all about  
There's one thing I want to show you  
I want you to know, you're my lady sun  
You're my reason for living and you light up my day  
You're my lady sun, you're my reason for living  
And don't you go away, hey  
Don't you ever leave me, don't you never  
We have a love shining together  
Don't you know it shines like the sun?  
Just wanna let you know  
The way we love is very special to me  
And when you touch me  
You send a chill uh huh, right through me  
You're the one that I can trust deep down inside  
I know you won't deceive me  
Hope dreams would disappear into the air  
If you should ever leave me  
I found out, what love's all about  
There's one thing I want to show you  
I want you to know, you're my lady sun  
You're my reason for living, and you light up my day  
You're my lady sun, you're my reason for living  
So don't you go away  
You're my lady sun, you're my reason for living  
And you light up my day, hey  
Don't you ever leave me, don't you never  
We have a love shining together  
Don't you know it shines like the sun?  
Don't you ever leave me, don't you never  
We have a love shining together  
Don't you know it shines like the sun?  
Don't you ever leave me, don't you never  
We have a love shining together  
Don't you know it shines like the sun?
