

fanmail

Butane

Welcome

We've dedicated our entire album cover
To any person who has ever sent us fan mail
This is a journey into life, love and the future of music
T L C would like to thank you for your support

And just like you they get lonely too

Just like you I get lonely too

Ahh, fan mail

Ahh, fan mail

Ahh, fan mail

Just like you I get lonely too

Ahh, fan mail

Ahh, fan mail

Ahh, fan mail

Just like you I get lonely

Waited for you for so long

Too many days since January

I'm still sittin' Miss Alone

We shoulda did this already

Said, "I got an e-mail today"

Kinda thought that you'd forgot about me

So I wanna hit you back to say

"Just like you I get lonely, baby"

I could really get to know you

Take my time to show you

Don't tell anybody what we do

And I get lonely

Take me to another place

Where I'll be into space just

You and me with no rules

Just like you I get lonely too

Just like you, fan mail

Just like you, fan mail

Just like you, fan mail

Just like you I get lonely too

Just like you, fan mail

Just like you, fan mail

Just like you, fan mail

Just like you I get lonely

Ready for us to get it on
Ain't got a love to call steady
Hope it ain't like that for long
I'll be your friend if you let me
Don't want to come on strong
'Coz too many people wanna get me
But a girl will do what I gotta do
Just like you I get lonely, baby
I could really get to know you
Take my time to show you
Don't tell anybody what we do
And I get lonely

Take me to another place
Where I'll be into space just
You and me with no rules
Just like you I get lonely too
Just like you, fan mail
Just like you, fan mail
Just like you, fan mail
Just like you I get lonely too
Just like you, fan mail
Just like you, fan mail
Just like you, fan mail
Just like you I get lonely too

Man we had all kinda sorts of conflicting fan mail and letters
Some parents was like, 'You're the thieves'
And the pimps and the thugs of stage'
And you owe every mother in America a public apology
One day I think I'm gonna meet ya
Can't wait till the day I see ya
No doubt, you just might be the one for me
Everyday I think I'm gonna meet ya
Can't wait till the day I see ya
No doubt, you just might be the one I need
Be me, do what I believe in and be myself
And I suggest everyone do the same thing
You do what makes you feel comfortable
Do what makes you feel happy, T L C
