Wings To Fly

At Vance

Tears on your lips
As you're lying here in my arms
All is gone far away
And there won't be another dayYou have made my life worthwhile
But you took me through this endless trial
Girl, you have tought me how to see
But I've always throught there's only you and meI thought you gave me
Your all and all
Cause you where the reason
That made my cry and fallYou gave me wings to fly
Now it's to late to say good bye
And I'll raise my hands
Begging that you will let this endWhy did you hurt me
Why did you throw away our love
Couldn't you stand me
Didn't give you more than enough
Couldn't you find the words
To tell me what was wrong
Now this is the price you pay
That you're nothing more than a shadeI thought you gave me
You're heart and soul
No one can save you now
And there goes out my callYou gave me wings to fly...
