

# rainbows

## kurt weisman (feathers member)

You gotta have rain  
to have a rainbow  
You gotta have dick  
To have a dick in your mouth  
You gotta skin a rich kid  
to wear a rich kid suit  
And you've gotta know by now I think you're cute  
The problem with kids today is they're  
Always thinkin' bout getting laid  
When they should just play some games  
Like stick the dick in the hole  
And you wanna know something grand?  
The other night I met a guy named Chad  
And he liked doing other things  
Like playing hockey YEAH YEAH YEAH YEAH NO  
And I hear you got a digeridoo  
And ah a (?) too  
Why don't you come over and jam?  
Hey... remember that time you fucked the jelly?  
NOOOOOOOOOOOOOOOOO!!!! NO!  
Then came two  
Me and you  
You and me  
And we're standing on our feet  
Then came she  
Then came he  
They were we  
Now we're flyin' on our wings  
Into the night  
We took our might  
Black or white  
With the power of our dreams, the power of our dreams  
Gotta crack a few eggs to make an omelet  
She takes her coffee with a cigarette  
She misses people she hasn't even met  
She is me and you are listening to me sing  
And you've got to want to fuck me  
And you've gotta want to tickle my peeney

And you've gotta want to rub my vagiiineeeeey  
Hey, after this who wants to go shit in a condom with me?  
If you fuckin' do, say "Cha cha cha."  
AUDIENCE: "CHA CHA CHA"  
ADAM AND KIMYA: "Imperial Margarine- because we like it."
