

If I Leave You

Mando Diao

Burning your fiddle thats an easy job
If you set the twilight reeling
Ive got 15 cents is that alright with you?
No, you didnt want that, bad
And your dad is rich but your brothers poor
And your children sing, come on
(Come on)
Join my circle now make me a man
But always remember this
If I leave you
(And I think Im gonna leave you soon)
At the wrong time
(Dont think that I will come back soon)
If I leave you
(And I think Im gonna leave you soon)
At the wrong time
(Dont think that I will come back)
Driving your car at Baker's Street
Its a sin to go on uppers
Youve got a new TV and a heart of gold
But youre not allowed to smile
And your dad is rich but your brothers poor
And your children sing come on
(Come on)
Join my circle now make me a man
But always remember this
If I leave you
(And I think Im gonna leave you soon)
At the wrong time
(Dont think that I will come back soon)
If I leave you
(And I think Im gonna leave you soon)
At the wrong time
(Dont think that I will come back, come back to you)
If I leave you
(And I think Im gonna leave you soon)
At the wrong time
(Ive got nothing left to come back to)
If I leave you
(And I think Im gonna leave you soon)
At the wrong time
(Ive got nothing left to come back to)
If I leave you
(I dont wanna be a part of you)
If I leave you
(No, I dont wanna be a part of you)

If I leave you
(I dont wanna be a part of you)
Your Mama will die at the wrong time
(I dont wanna be a part of you)
At the wrong time
